

Jonathan R. Sheppard

(404) 992-4718

4515 Amanda Lane, Evans, GA 30809

Email: shrakner2140@yahoo.com

Website: www.shrakner.net

Objective:

An entry-level design position where I can apply my academic skills to real-world design challenges, both physical and digital.

Education:

Georgia Institute of Technology
Bachelor of Industrial Design, High Honors, May 2009
3.42 overall GPA
National Merit and Georgia HOPE Scholarships (performance based)
Dean's List (6/8 semesters)

Aiken Technical Institute (Aiken, SC)
Internet Programming Certificate, to be completed in August 2010
4.0 current GPA

Design Skills:

Comprehensive design process and related skills, including research, thumbnail sketching, concept generation and iteration, physical model building, and concept illustration through 2D and 3D digital media.
Website creation, including coding valid XHTML and CSS.

Programs:

Proficient in Adobe Photoshop, Adobe Illustrator, and Solidworks.
Additional experience in Form-Z, Alias, Adobe Flash, Meshwork, and Strata 3D.
Office experience using Microsoft Office (including Excel and Access).
Adept at quickly learning new programs.

Experience:

Webmaster, Eagle Sports (eaglesportsathletics.com)

2009 - present.

Designed and built a new webpage for Eagle Sports, including all graphics and CSS/XHTML code.

Web Designer, Skateland of Augusta (skatelandofaugusta.com)

2009 - present.

Update and maintain website.

Webmaster, Evans Christian Academy (evanschristianacademy.org)

2006-present.

Completely redesigned the school's website in 2006 and again in May 2009, including new HTML/CSS code as well as new graphical elements. Currently responsible for occasional modifications and updates.

Office Staff, Evans Christian Academy

Summers of 2005, 2006, 2007, and 2009.

Primary responsibilities: create and amend official documents, update and modify school database, design advertisements, order curriculum, and other office duties as needed.

Interests:

Industrial design, 3D graphics, Digital device design, Website design, Graphical user interfaces, Fantasy and science-fiction worlds, Video game design, Computer technology and hardware
